

POWER BLOWERS

POWER BLOWERS

THE BIGGEST AND BADDEST BLOWER IN THE INDUSTRY HAS JUST ARRIVED! The Echo PB-750 blower features the easy-to-start Power Boost™ engine, comfortable backrest with new padded shoulder straps and delivers a whopping 201 mph of air force and 625 cfm at the pipe. This makes the PB-750 the most powerful blower in the business.

625 cfm and 201 mph at the pipe delivers the ultimate in clean-up force.

Commercial-grade air filtration system assures maximum engine protection.

Oversized, padded shoulder straps mean long, comfortable hours of operation.

At 71 dB(A)*, the PB-750 blower is ideal for noise sensitive environments.

68 fl oz capacity fuel tank provides extra-long run time and easy-to-see fuel level.

PB-750

The PB-750 provides easy starts, comfortable hours of productivity and plenty of power to get the job done right.

- 63.3 cc of pure commercial power.
- Easy-to-reach, tube-mounted or hip-mounted throttle positions.
- 68 fl oz high capacity fuel tank.
- Super-duty commercial air filtration system.
- Comfortable operator ergonomics.

* Per ANSI B175.2002 at wide-open throttle.

To maintain peak blower performance, always clean the air filter before each use.

PRO POINTER
